SUBJECT: ADDENDUM #2

This Addendum forms a part of the Contract Documents for the above identified project and modifies the original Specifications and Contract documents, as noted below. Portions of the Contract not specifically mentioned in the Addendum remain in force. All trades affected shall be fully advised of these changes, deletions, additions, and clarifications.

1. Replace section 40 90 00.1.04.B.1 which states the following:

“Due to the critical and complex technical requirements of this section, the complete control system shall be furnished by a single supplier who shall assume responsibility for the satisfactory performance of the complete system. Only those suppliers who can demonstrate that they possess the prerequisite capabilities and experience will be considered. Each applicant will be thoroughly examined, investigated and then judged as to capability to execute the Scope of Work required on this project within the time frame allotted. Each applicant will be evaluated for the following minimum criteria at the time of receiving the Notice to Procure:

2. Replace section 40 90 00.1.04.C.1 with the following:

“At the time of receiving the Notice to Procure, the prospective system supplier shall execute and submit a written certification of intent to assume full responsibility for the complete requirements of the Contract Documents. The certification shall be on the named system supplier's letterhead, it shall be signed by his authorized responsible representative, and it shall include the following statements:”
