Laguna Beach, CA 92651

Dear Mr. Gohlke,

Attached are the documents for the View Preservation/Record of Views claim filed with the City. The documents have been included in your property file at City Hall and are posted on the city's website. Should any of the noticed affected property owners like to view the documented Record of Views they may be found on the city's website at www.lagunabeachcity.net on the View Preservation and Restoration web page.

As we discussed, the Record of Views does not establish maximum height limits on vegetation in the visual scene but rather serves as a benchmark for determining significant view impairment in the future. A determination of significant view impairment pursuant to Laguna Beach Municipal Code Section 12.16.030, must be confirmed prior to the city interceding with enforcement of the Record of Views.

Please contact me should you have any questions related to the attached documents.

Property Owner Files Application

Property owner files an application to establish an official record of views with the City. Once a record of views is officially established, those established views cannot become significantly impaired by future vegetation growth and are subject to code enforcement protection.

Site Visit and Documentation

Staff conducts a site visit and photographically documents the existing views selected by the property owner.

Notice to Vegetation Owners

Staff finalizes the photographic documentation as the official record of views. Affected vegetation owners within 500 feet are sent a letter informing them of the established record of views and associated maintenance responsibilities.

Record of Views Approval

If a record of views is established, staff maintains it in the applicable property address files, and notes it within any Real Property Report required by Municipal Code Chapter 14.76.

Record of Views Enforcement

If the approved record of views becomes significantly impaired in the future, staff starts code enforcement in order to obtain compliance of unimpaired views of record. Staff's determination of whether or not views of record are significantly impaired can be appealed to City Council within 14 calendar days of staff's determination by any of the affected parties.
